**SUBJECT :** Intelligence Community Legislative Proposals  
for First Session of the 101st Congress

## NOTES

We received at the last minute, seven new proposals from the Army for inclusion in the program. Many of these proposals are controversial, and rather than put them in the program without much review, we decided to leave many of them out for now. The Army can always ask that the proposal be included in the draft Intelligence Authorization bill if they can justify them to the Agency.
